Product description

R134a R410A AC replace compressor 1640W air conditioner compressor dehumidifier
heat pump r134a r410a air compressor 5596 btu replace ASN58V1V22 for conditioner
window dehumidifier r410a r134a compressor 2310W JVA092K replace ac compressor

for home floor standing portable air conditioner r134a r410a air conditioner compressor 2005w replace KA-C086 for heat pump dehumidifier r134a air compressor r410a 5596 btu ASN58V1V22 for conditioner window dehumidifier r134a r410a rotary air compressor replace ka-c092 compressor 2237w for mobile air cooler dehumidifier r134a r410a lanhai compressor dehumidifier boyward 2150 replace the mark ASM89V1VFZ for conditioners split air conditioner parts r134a r410a air conditioner portable air compressor for low temperature air source heat pumps

Product Description Description R134A, R407C R410A small rotary compressor is widely used in clothes dryer, wardrobe, air conditioner, heat pump, dehumidifier and so on. on refrigerant: R134A, R410A, R407C power supply: 220' 240V/50Hz and 115V/60HZ features: using environmental friendly refrigerants R134A, R410A, R407C compact structure, small size, light weight, energy efficiency and reliability with various power section be selected Wide application used compressors like clothes dryer, cabinet air conditioner and dehumidifier

Parameters:

Refrigerant Model		Rated power supply	cylinder volume cm ³	capacity	Power	COP	RUN CAPACITOR (UF/450V)
