The image shows a technical specification sheet for various compressor models. The sheet is divided into sections for different displacement ranges: 18.1, 15.8, 16.3, 14.5, 12.9, 13.8, 16.3, and 11.8. Each section contains a table of models with their respective specifications.

Model	Displ (ml)	Power (W/HP)	Motor Type	Capacity	COP	Capacity	COP	Inlet Charge
18.1	18.1	120	CS-8	1.1	1.1	1.1	1.1	1.1
15.8	15.8	100	CS-8	1.1	1.1	1.1	1.1	1.1
16.3	16.3	120	CS-8	1.1	1.1	1.1	1.1	1.1
14.5	14.5	100	CS-8	1.1	1.1	1.1	1.1	1.1
12.9	12.9	80	CS-8	1.1	1.1	1.1	1.1	1.1
13.8	13.8	100	CS-8	1.1	1.1	1.1	1.1	1.1
16.3	16.3	120	CS-8	1.1	1.1	1.1	1.1	1.1
11.8	11.8	80	CS-8	1.1	1.1	1.1	1.1	1.1

Comptek Compressor Technology is a Chinese manufacturer of compressors for refrigeration and air conditioning applications. The company was founded in 1997 and is headquartered in Hangzhou, China. Comptek compressors are used in a wide range of products, including refrigerators, freezers, air conditioners, and vending machines.

Comptek compressors are known for their high efficiency and reliability. The company uses advanced manufacturing technology to ensure that its compressors meet the highest quality standards. Comptek compressors are also backed by a comprehensive warranty, providing peace of mind to customers.

Some of the features of Comptek compressors include:

- High efficiency: Comptek compressors are designed to use less energy, which can save you money on your energy bills.
- Reliability: Comptek compressors are built to last, with a long lifespan.
- Quiet operation: Comptek compressors are designed to operate quietly, so you won't be disturbed by noise.
- Warranty: Comptek compressors come with a comprehensive warranty, so you can be confident in your purchase.

If you are looking for a high-quality, efficient, and reliable compressor for your refrigeration or air conditioning application, Comptek is a good choice. The company offers a wide range of compressors to meet the needs of different applications.

Here are some of the popular Comptek compressor models:

- L/MBP series: This series of compressors is designed for low, medium, and high temperature evaporation applications.
- M/HBP series: This series of compressors is designed for medium and high temperature evaporation applications.
- LBP series: This series of compressors is designed for low temperature evaporation applications.

Comptek compressors are available from authorized distributors worldwide. You can find a list of distributors on the Comptek website.
