Avertissement et alerte pour tous les
Tunisiens

Parfois, certaines entreprises de
remplissage de bouteilles de gaz

ignorent l'installation d'un anneau en
caoutchouc avec chaque flacon,

ce qui est nécessaire pour protéger
l'utilisateur contre les risques

de fuite de gaz.

Malheureusement, beaucoup de gens ne remarquent pas l'absence de ce morceau de caoutchouc lorsque les nouvelles conduites de gaz sont installées, provoquant une catastrophe qui entraîne souvent des pertes en vies humaines.

La pièce en caoutchouc est son emplacement d'origine à l'intérieur du trou du tube à gaz pour éviter les fuites ...

Many have waited for this release, more specifically for the addition of the service monitor which has been added to the program in this release. Personal Renamer has always had the option to monitor a directory and rename files but with this latest addition users can have Personal Renamer monitor a directory invisibly the background, and more importantly while logged out. This is a very powerful and useful addition. Other new features include Undo and the option to apply saved settings when program starts up.
